# PREPARE & PANEL FOR PAINT

Our workshop team can prepare and panel your Zero for you, so its ready for paint or this can be done by yourself if you prefer.

Factory prepared and paneled ready for paint.

Labour 4 days @ 8 hrs / £60 +vat per hour = £2,304.00 Inc VAT

\*Preparation and paneling is included in some Zero Self Build options.

Other Options:

- Labour to Install Brake Lines - £84.00 (LAB0006)
- Labour to Install Plastic Fuel Lines - £24.00 (LAB0007)
- Labour to Install Chassis Engine Harness - £84.00 (LAB0005)

All prices include VAT.

The paint process.....

Paint can take around 2 to 4 weeks, depending on the design and paint colour. Once your car is with us and the design is confirmed we will be able to give you a more accurate time scale of how long it will be.

We do not colour match to the GRP, as we paint GRP to ensure colour consistency. We are happy to paint your GBS Zero in any major car manufactures colour so long as you are able to provide a paint code to ensure we get the correct colour. Colour samples / swatches are available upon request, please speak to one of our team for more details.

*Please note: More work and additional costs may occur if we are required to prepare your Zero for paint if the panels are not prepared correctly.*

# Full Custom Vehicle Graphics

Bespoke to you

Now your Zero is painted you can make it even more stylish with tailor-made vehicle graphics which can be truly individual to you.

# BEFORE & AFTER....

We can do a full paint transformation of your current Zero....  
As seen here from orange to grey with a nice touch of carbon fibre  
bodywork added in. See more details on our website.

Example of a 2011 GBS Zero Transformation from orange to grey. March 2021.
